

EASY MIX Restroom Cleaner TM

remove built up
soap scum
Product #1030

Concentrated Restroom Maintainer

PRODUCT DESCRIPTION

Easy Mix Restroom Maintainer is designed to quickly and efficiently remove built up soap scum, oily dirt, mold, and hard water deposits from ceramic tile, porcelain, metal, fiberglass and painted surfaces. Easy Mix Restroom Maintainer is a sophisticated combination of inhibited organic acids, biodegradable detergents, brighteners, corrosion inhibitors, and odor control agents. Easy Mix Restroom Maintainer dissolves dirt and holds it in suspension to be rinsed away, leaving restroom surfaces and fixtures, clean, bright and odor free. Used in a regular maintenance program this product reduces labor by leaving a light dirt repelling film on cleaned surfaces and a fresh clean smell.

APPLICATION & MAINTENANCE

Dilute one pint of Easy Mix Restroom Maintainer in five gallons of water.

Accu-Measure Dispensing System: Dilute 2 ounces per gallon of water.

TaskMizer Proportioner: 4 GPM/High Flow - use no tip, 1 GPM/Low Flow - use brown tip.

Use as a mopping solution to clean restroom floors. After mopping the floors rinse with clean water.

For restroom surfaces apply dilute maintainer with a foam generating trigger sprayer or as a coarse spray. Allow maintainer to stand for a few minutes, then wipe the surface clean with a sponge. For fixtures apply a few ounces of maintainer to a sponge, wipe the fixtures clean then rinse with clean water.

SPECIFICATIONS

Active Ingredients	24% Active Combination of Organic Acids, Wetting Agents, and Detergents
pH	0.5-1.0
Free Ammonia	None
Free Alkali	None
Free Acid	<4%
Phosphates (Elemental)	<0.5%
Abrasives	None
Color	Purple
Odor	Spring Bouquet
Solubility in Water	100%
Freeze/Thaw Stability	Minimum 3 cycles
ShelfLife	Minimum 1 year at room temperature
Flash Point	None
Weight Per Gallon	8.8
Biodegradable	Yes
Soil Suspension	Excellent

SAFETY INFORMATION

Health	2
Flammability	0
Reactivity	0
Personal Protection	C

CAUTION: Contains Dodecylbenzene Sulfonic Acid CAS #27176-87-0, and Citric Acid CAS #77-92-9. Harmful if Swallowed. **KEEP OUT OF REACH OF CHILDREN.** If ingested drink large quantities of water or milk. Induce vomiting with oil of ipecac. In the event of skin or eye contact flush area immediately with clean water for 15 minutes. **Contact a physician immediately.** Read Material Safety Data thoroughly before using.
