

ONE 4 U

Institutional Quality, Concentrated All Purpose Cleaner

One 4 U is a quality all purpose cleaner for those maintenance professionals with an eye for economy. With a moderate pH, low surface tension and superior wetting action, One 4 U provides effective cleaning action at all concentrations, even in hard water. It quickly removes dirt, grime, oily build-up and protein based soils from wall tiles, porcelain, slate, plastics, chrome, stainless steel, enameled surfaces, sealed or painted surfaces, and all composition tile floors. This product is nontoxic, nonflammable and biodegradable.

APPLICATION & MAINTENANCE

For cleaning floors, apply cleaning solution liberally, but do not flood. Allow solution to set for several minutes, then agitate with a buffing machine using a blue, green, or brown scrubbing pad. Remove soiled solution with a mop or wet vacuum. Rinse the floor with clean water and allow to dry.

For other surfaces, the cleaning solution may be applied at the following concentrations with a spray bottle, sponge, or cloth.
