

UNCOVER

Economy, Alkaline Floor Finish Stripper

Uncover is a commercial quality, alkaline stripper/degreaser that is available at an economy price. This product effectively removes wax, metallic finishes, grease, and oily films from virtually any surface. It is fast-acting, non-flammable, biodegradable and contains no acids or abrasives. It is designed for maintenance professionals who want reliability at a very reasonable cost.

APPLICATION & MAINTENANCE

Uncover may be diluted with hot or cold water for use. Uncover may be diluted at different ratios depending on the amount of finish build-up or soil concentration to be removed.

Heavy Finish Build-Up: 32 ounces of Uncover (1:4 to 1 gallon of water).

Medium Finish Build-Up: 16 ounces of Uncover (1:8) to 1 gallon of water.

Light Finish Build-Up: 12 ounces of Uncover (1:10) to 1 gallon of water.

Apply diluted Uncover liberally to the floor in an area small enough to complete in 20-30 minutes (to avoid drying). Allow Uncover to stand for 5 minutes. For heavy finish build-up, agitate the Uncover solution with a 300 rpm buffing machine equipped with a black stripping pad. Pick up the liquefied finish with a wet vacuum and rinse the floor thoroughly with clear water. Allow the floor to dry thoroughly before applying any of Perma's high quality finishes.

Degreasing: Dilute 4-6 ounces of Uncover (1:32-1:21) to 1 gallon of water as necessary to emulsify grease or oily soils. Remove solution with wet vacuum or mop and rinse thoroughly with clean water

SPECIFICATIONS

Active Ingredients	Water miscible solvents, amine complexes, alcohol ethoxylates
pH	12.8 - 13.2
Free Ammonia	None
Free Alkali	0.5%
Free Acid	None
Phosphates	None
Abrasives	None
Color	Light Yellow
Odor	Moderate
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	Min. 1 year (30°F.-125°F.)
Flash Point	Above 200° F.
Weight Per Gallon	8.2
Biodegradable	Yes
Soil Suspension	Excellent

SAFETY INFORMATION

Health	2
Flammability	0
Reactivity	0
Personal Protection	B

CAUTION: This product contains a strong alkaline ingredient. If ingested, give vinegar, juice of lemon, grapefruit, or orange freely. Do NOT induce vomiting. **Get immediate medical attention.** If contact with skin or eyes occurs, flush with large volumes of water. **Get immediate medical attention.** Contains 2-Butoxy Ethanol CAS #111-76-2, and 2-Amino Ethanol CAS #141-43-5. For detailed information, consult MSDS sheet.
