

# LAVATROL

## 23% Combination Acid Restroom Cleaner

Lavatrol is a powerful, easy-to-use, one-step lavatory maintenance cleaner for institutional and industrial use. Containing built-in corrosion inhibitors and a combination of detergents, Lavatrol cleans, deodorizes, and sanitizes without damaging plumbing and fixtures. Lavatrol will quickly and easily remove tough rust and mineral stains from all restroom surfaces. Lavatrol is safe for use on all porcelain, fiberglass, and ceramic surfaces when used according to directions. Lavatrol is low-fuming, fade-resistant, and will not interfere with septic system operation.

Lavatrol is low-fuming, fade-resistant, and will not interfere with septic system operation.

### APPLICATION & MAINTENANCE

**Toilet Bowls:** Remove as much water as possible from bowl by forcing over trap with an applicator. Apply 1 or 2 ounces to an applicator while holding it over the toilet bowl. Mop the entire surface, especially under the toilet bowl rim. Flush and rinse the toilet bowl. Thoroughly rinse the applicator.

**Urinals:** Wet bowl mop with Lavatrol. Swab all urinal surfaces and flush. Clean the inside of the drain and flush. Rinse out the applicator.

**Tanks:** Place 1 to 2 ounces of cleaner inside the tank. Swab the inside with an applicator and flush to rinse.

**Ceramic Floors And Tiles:** For routine cleaning dilute 6-8 ozs. of Lavatrol per gallon of cold water. Apply the diluted Lavatrol with an acid resistant mop or deck brush. Rinse the surface thoroughly with clean water. **Do not use on marble or other surfaces that are not acid resistant!**

**Shower Stalls:** Dilute 6-8 ozs. Lavatrol per gallon of cold water. Apply to shower surface with a clean bowl mop or acid resistant brush. Agitate to remove soap scum or mineral build-up. Rinse the shower stall thoroughly with clean water.

**Do not leave Lavatrol on surfaces for longer than a few minutes!**

### SPECIFICATIONS

Active Ingredients	Combination of Hydrogen Chloride, Sulfuric Oxalic Acid, Isopropyl Alcohol, Pentachlorophenol
pH	1 - 3
Free Ammonia	None
Free Alkali	None
Free Acid	23.8%
Phosphates	None
Abrasives	None
Color	Milky Blue
Odor	Sassafras
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	1 year min. (30° F.-125° F.)
Flash Point	None
Weight Per Gallon	8.4 - 8.8
Biodegradable	Yes
Soil Suspension	N/A

### SAFETY INFORMATION

Health	2
Flammability	0
Reactivity	1
Personal Protection	C

**DANGER, POISON:** Contains Hydrochloric Acid CAS #7647-01-0, Sulfuric Acid CAS#7664-93-9, Oxalic Acid CAS#144-62-7, Isopropyl Alcohol CAS#67-63-0. Harmful or Fatal if Swallowed, Causes Burns. Read Material Safety Data Sheet thoroughly before using.
