

# No Odor Stripper Emulsifier

This remarkably effective stripper, rapidly dissolves multiple layers of floor finish without the offensive odors often associated with floor finish strippers. Utilizing top quality water miscible solvents, N.O.S.E. strips multiple coats of finish, quickly and easily with virtually no odor. Perfect for use in hospitals, nursing homes, hotels, and any facility that is occupied when stripping procedures must be performed.

## APPLICATION & MAINTENANCE

Dilute 16 ounces of N.O.S.E. (1:8) for routine stripping (1-10 coats), 32 ounces (1:4) for medium build-up (11-15 coats), 64 ounces (1:2) for heavy build up (15-25 coats) or 128 ounces (1:1) for severe build-up (25+ coats) per gallon of **COLD water only**. Apply stripping solution with a mop, and let it stand for five minutes. Removing heavy finish build-up may require scrubbing with a 175-300 Rpm buffing machine equipped with a black stripping pad. Remove the dissolved finish and solution with a wet vacuum. Any residual dissolved floor finish not removed by vacuuming should be removed by light rinsing or damp mopping. Allow the floor to dry thoroughly before applying any of Perma's high quality finishes. **N.O.S.E. is not recommended for use on Asphalt Tile or older Linoleum Tiles as it may remove the dye particularly from dark colored tiles.**

## SPECIFICATIONS

Active Ingredients	Water miscible solvents, amine complexes, alcohol ethoxylates
pH	12.5 - 13.2
Free Ammonia	None
Free Alkali	0.5%
Free Acid	None
Phosphates	None
Abrasives	None
Color	Light Yellow
Odor	Moderate
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	Min. 1 year (30°F.-125°F.)
Flash Point	Above 200° F.
Weight Per Gallon	8.8
Biodegradable	Yes
Soil Suspension	Excellent

## SAFETY INFORMATION

Health	2
Flammability	0
Reactivity	0
Personal Protection	B

**CAUTION:** This product contains a strong alkaline ingredient. If ingested, give vinegar, juice of lemon, grapefruit, or orange freely. Do **NOT** induce vomiting. **Get immediate medical attention.** If contact with skin or eyes occurs, flush with large volumes of water. **Get immediate medical attention.** Contains 2-Amino Ethanol CAS #141-43-5. For detailed information, consult MSDS sheet.
