

# GEO-STRIP

## Green Chemistry, Concentrated Vinyl Tile Floor Finish Stripper

Geo-Strip is an environmentally oriented, emulsifying stripper which is effective on all floor finishes and most resilient tile sealers. Geo-Strip contains no listable quantities of any hazardous ingredients currently required by any state or federal agency, requires no MSDS or training under 29 CFR 1910.1200, and is biodegradable. Geo-Strip is phosphate-free, contains no butyl-cellosolve, petroleum

distillates, acids or caustics, making it safer to use. With very low solids at concentration, this emulsifying stripper rapidly dissolves even heavy build-ups of finishes, and following removal of the dissolved finish or sealer, evaporates virtually clean, leaving no stripper residue which will negatively effect subsequent coats of finish.

### APPLICATION & MAINTENANCE

#### Dilute Geo-Strip:

16 to 22 ounces per gallon (1:8 - 1:6) for routine stripping,  
32 to 42 ounces per gallon (1:4 - 1:3) for medium build-up or  
64 to 128 ounces per gallon (1:2 - 1:1) for heavy build-up,  
with cold or warm water.

*Do not use hot water, as this will cause the active ingredients to evaporate, reducing its effectiveness.*

Apply stripping solution with a mop, and let it stand for several minutes. Particularly heavy build-up may be removed by scrubbing with a black stripping pad and 175-300 Rpm stripping machine. Remove the dissolved finish and solution with a wet vacuum. Rinse the floor with a diluted solution of Tops or Easy Mix 1005 neutral cleaner and water to remove any residual emulsified finish and let dry.

### SPECIFICATIONS

Active Ingredients	Propylene compounds, alcohol ethoxylates
pH	9.5 - 10.5
Free Ammonia	None
Free Alkali	0.5%
Free Acid	None
Phosphates	None
Abrasives	None
Color	Green
Odor	Light
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	Min. 1 year (30°F.-125°F.)
Flash Point	Above 200° F.
Weight Per Gallon	8.22
Biodegradable	Yes
Soil Suspension	Excellent

### SAFETY INFORMATION

Health	2
Flammability	0
Reactivity	0
Personal Protection	B

NOTE: This product contains an alkaline ingredient (<1% 2-Amino Ethanol CAS #141-43-5) which may cause irritation in concentrated form. If ingested, give vinegar, juice of lemon, grapefruit, or orange freely. Get immediate medical attention. If contact with skin or eyes occurs, flush with water. If signs of irritation occur, seek medical attention. Read MSD Sheet before using.
